Valley businesses often find it difficult to hire qualified employees.

Valley workers find they often don't have the skills to qualify for open jobs.

What's the answer?

Through our Workforce Investment Initiative, we help employers identify their employee qualification needs...then customize training programs to meet those needs. At the same time, we also work with schools, universities and job training sites through our Training Alliance to make sure they are teaching the skills students will need to succeed in The Valley job market of today and tomorrow.

Better employees create more successful businesses. Successful businesses create more and better jobs. And it all starts here!

Our Workforce Investment Initiative offers help with:

- **Identifying employment qualification needs**
- **Communicating educational needs to schools, universities, training centers**
- **Creating customized employment programs**
- **Promoting educational excellence**
- **Job fairs**
- **Educational summits**
- **The Training Alliance**
- **The Learning Alliance**

The Valley Economic Alliance

Better businesses. Better jobs. Better communities.
